Expenses Included in Professional Rates

1. Hyalite includes costs for telephone, computer, internet, e-mail and fax in professional rates as normal overhead expenses.
2. Some standard field equipment such as sampling equipment and tools, compasses and survey tapes may be owned by Hyalite Environmental and therefore not cost the project.

Additional Expenses

1. Project Materials, Consumables, Sampling and Analytical Costs: Costs for any materials specific for a project; consumables (disposable sampling equipment and decontamination supplies, maps, film and developing); document production, and sampling equipment and analytical costs incurred will be expensed directly to the client at cost. Client preferences for vendors and procedures will be followed.
2. Unusual expenses: Unusual expenses such as teleconferences requested by the client, express shipping, and charges for access to online databases will be expensed directly to the client at cost. Client preferences for vendors and procedures will be followed.
